

**Health Advisory 3 COVID-19
Update on Fully Online**

Dear Students of Sunway College Kuching,

Sunway College Kuching's campus is closed and will remain closed up to the end of the government's Movement Control Order which is to minimise the spread of Covid19 infection. Students and staff should not attend the campus during this period. Teaching and learning for all existing and new students will be conducted **fully online** throughout the entire semesters until further notice because of on-going uncertainty regarding the global healthcare situation in line with Ministry of Higher Education's circular dated 27 April 2020 reference number JPT(A)1000/001/019/01 Jld.20 (75).

Given the prevailing situation, we believe online learning is the only way to go in ensuring that our students continue to learn effectively in a safe environment. Sunway College Kuching takes student and staff safety, health and well-being seriously. We are aware and actively monitoring developments regarding the Novel Coronavirus (COVID19) and keeping abreast with all advisory notices and recommendations from Sarawak State Disaster and Management Committee (SDMC), Malaysian health and education authorities issued from time-to-time.

We thank all for your support, cooperation, and understanding as we navigate this complex situation together. We will provide updates on any new developments and all precautionary measures taken on our social media platforms and Sunway College Kuching official website. In the interim, do remain vigilant, be mindful of your surroundings, and may everyone stay safe and healthy.

We wish all our Muslim friends and students Selamat Berpuasa during this holy month.

Thank you

Joseph Lim Jit Sek

Chief Executive Officer

Kolej Sunway Kuching
