Pathway to a Brighter Future

SUNWAY DIPLOMA STUDIES

Pathway To A Brighter Future

DIPLOMA IN ACCOUNTING

pg. 04

Sunway Diploma Studies prepare our students for the present and future jobs with knowledge and expertise of the 21st century. In this new globally interconnected economy, industries are demanding new competencies and skills. At Sunway Diploma Studies, we integrate skills and attributes such as learning & innovation skills, information media & technology skills and life & career skills in our curriculum. It takes more than just knowledge to be competitive in today's job market and to be relevant for future jobs.

The Sunway Diploma Pathway offers students various opportunities which suit their interests and future careers. Sunway's Diploma programmes provide a wide range of experiences which enhance graduate employability and job readiness. We practise Work-Integrated Learning which offers students authentic work experience, industry-linked projects, industry study trips, simulations of solving day-to-day challenges, opportunities to gain professional skills that put knowledge into practice, voluntary projects, competitions & exhibitions, seminars & workshops, TEDTalks and online activities.

SUNWAY DIPLOMA PATHWAY- FLEXIBLE STUDY OPTIONS

Kick-start your career pathways with our Sunway Diploma programmes towards a degree, professional qualification or early employment.

The Sunway Diploma Studies provides an academic bridge and a firm foundation for students' academic pathways.

ENRICHING LEARNING EXPERIENCES

The student have a head-start not only academically but also personally through exposure to extracurricular activities in clubs and societies. They are also enriched by lectures from eminent speakers and industry leaders.

LEARNING RESOURCES & FACILITIES

Sunway College provides a comprehensive range of teaching and learning resources and facilities. Classes are conducted in a conducive and well-facilitated premises and are supported by state-of-the-art technology.

EXPERIENCED & DEDICATED LECTURERS

Lecturers are committed to teaching and learning and offer personalised attention and mentoring through small-group learning to assist students in achieving their goals. More than 70% of pre-university lecturers at Sunway College have more than 5 years of teaching experience.

Lecturers and Placement Advisors assist students with information and advice on career choices and university applications and students' placements at universities of their choice, professional qualifications, internship and job placements. Sunway Diploma students have successfully progressed into prominent universities worldwide in the United Kingdom, Group of Eight universities in Australia and Triple Crown accredited universities in New Zealand, to name a few.

DIPLOMA IN ACCOUNTING

N/344/4/0164(05/23) FA3023

ABOUT THE PROGRAMME

The Diploma in Accounting programme is designed to provide a strong foundation in the general aspects of business and accounting and prepares students with the effective skills to support the accounting function of a business and the processes of a company.

This course also provides the learning of how business elements integrate with each other enabling them to communicate successfully in any business environment and in a nutshell, Sunway DIA nurtures business knowledge and experience by preparing students to join the work force or for future studies in the accounting field.

The Sunway Diploma in Accounting graduates will have the option to enter into Year 2 of undergraduate programmes at a wide range of top ranking local and overseas universities, including Nottingham University Malaysia Campus, University of Waikato, New Zealand, University of Canterbury, New Zealand, Birmingham City University, UK, University of Western Australia, Curtin University Sarawak and Australia, James Cook University, Singapore, KDU University College (now University of Wollongong, Australia), Victoria University, Melbourne, Australia Catholic University, Sydney, Cardiff University, Wales, Kaplan Higher Education Academy, Singapore, University of Heriot Watt, Malaysia Campus, University of Deakin, Melbourne, Australia, University of Teeside, United Kingdom, University of Lake Head Canada, Dublin Business School, United Kingdom and UCSI University and Sunway University.

With our articulation pathways, our DIA graduates can choose to study overseas in the United Kingdom, Australia, New Zealand, Canada or Singapore. DIA also allows for progression to professional accounting qualifications offered by Association of Chartered Certified Accountants (ACCA) and Chartered Tax Institute of Malaysia (CTIM), and obtaining the DIA is the first step towards becoming a chartered professional accountant.

Intakes

January / April / Aug / Oct

Duration

2.5 years

Assessment & Examinations

The major objective of the assessment and examination procedures is to improve student learning and measure their comprehension.

PROGRAMME OBJECTIVES

- Develop the students' the ability to communicate in English verbally and in written form, with special reference to accounting and business contexts;
- Enable students to acquire in-depth knowledge of the foundations of accounting and finance;
- Cultivate understanding of the natures and skills of logical reasoning and develop capacity for innovative thinking and effective communication in students;
- Facilitate an understanding of the relationship between business and its environment, and the influence this has on how organisations are structured, and developed in relation to its human resources and systems;
- Prepare students to be able to apply their knowledge and skills to support accountants in planning and decision-making in different business contexts.

CAREER PROSPECT

This qualification can offer students good job stability, and also the flexibility of a wide range of career options, in many diversified fields such as portfolio management, investment banking, broking and finance.

Students can expect excellent career prospects, good starting salaries and a fast career progression track, with the strong technical skills students will acquire taking up this diploma course. This will place them in good stead for flexible career options & further educational advancement.

All of these careers involve practicing finance and investment principles as the primary career emphasis.
