SCHOLARSHIPS

REWARDING EXCELLENCE, FURTHERING ASPIRATIONS

The Jeffrey Cheah Foundation will be giving out more scholarships this year to support students in their quest for excellence as they pursue their aspirations.

The Jeffrey Cheah Foundation, which owns Sunway University and Sunway College, recognises that there are deserving men and women in each generation, who, given the opportunity, can contribute towards society, and, with each generation, become wiser, better and stronger. The foundation is **founded on the fundamental premise of giving to society**, a philosophy that crystallised one man's vision and aspirations into a timeless commitment to benefit future generations to come. To date, the Jeffrey Cheah Foundation has awarded scholarships in excess of RM 402 million to thousands of Malaysians in various fields of study.

The Jeffrey Cheah Foundation (JCF) awards scholarships to outstanding students who plan to earn an undergraduate degree from an accredited institution of higher learning. Besides helping to address the financial needs of marginalised and disadvantaged students and help them gain access to quality higher education, scholarship recipients are also guided through the process of higher learning, to be moulded into dynamic leaders and innovators.

launched in 2010, the Jeffrey Cheah Foundation is Malaysia's largest education-focused social enterprise. Through the unique not-for-profit structure of the Foundation, operating surpluses are ploughed back into the institutions or disbursed as scholarships, research grants and expansion of faculty and facilities to ensure sustainable and quality education.

In 2018 alone, the JCF has disbursed RM 72 million worth of scholarships to more than 3,000 students, and to-date, the Foundation has awarded a total of RM 570 million to thousands of deserving students.
